Matan Accessibility Statement

Matan is committed to ensuring digital accessibility for people with disabilities. We strive to conform to level AA of the Web Content Accessibility Guidelines (WCAG) 2.1 developed by the World Wide Web Consortium (W3C). These guidelines explain how to make web content more accessible for people with disabilities.

Accessibility Features on the Matan Website

- **Alternative Text:** We provide alternative text for all images to ensure that users with visual impairments can access and understand the content.
- **Keyboard Navigation:** The Matan website can be navigated using keyboard controls, enabling users who cannot use a mouse to access all features and content.
- **Clear Structure:** We maintain clear headings, proper nesting, and a logical structure throughout the website to facilitate navigation for all users, including those who use screen readers.
- **Descriptive Links:** All links on the Matan website are descriptive and convey the purpose of the linked content, benefiting users who navigate the site using assistive technologies.
- **Consistent Design:** We strive to maintain a consistent design and layout across all pages of the website, enhancing usability for all visitors.
- **Assistance with Accessibility**

If you encounter any accessibility barriers while using the Matan website or have suggestions for improvement, please contact us. We are committed to providing accessible content and will make every effort to accommodate your needs.
